About NCC

The National Cadet Corps came into existence on 16th July 1948 under the NCC Act XXXVI of 1948 under the Ministry of Defence. The Motto of the NCC is 'Unity and Discipline' which was adopted on 23rd December 1957. In lining up to its motto, the NCC strives to be and is one of the greatest cohesive forces of our nation, bringing together the youth hailing from different parts of our country and moulding them into united, secular and disciplined citizens of our nation. The aims of NCC are to develop character, commandership, discipline, leadership, secular outlook, spirit of adventure, sportsmanship and ideals of selfless service among the youth of the country; to create a human resource of organized, trained and motivated youth to provide leadership in all walks of life and always be available for the service of the nation; to provide a suitable environment to motivate the youth to take up a career in the Armed Forces. NCC in the college plays a credible role in shaping the character of students by instilling the values of patriotism, service, discipline and hard work. Training in NCC insists qualities like nationalism, patriotism, discipline, team spirit, leadership, self-confidence and promote overall personality development. NCC gives a tremendous opportunity to one and all betterment, irrespective of caste, creed, religion and economic status. Based on the aims of NCC; the organization has laid down training syllabi for cadets. The syllabus for the Senior Division Cadets covers a period of three years. Except for minor the syllabus for each division is similar for boy and girl cadets. The training year matches the academic and financial year.

Date and Venue of the Camp

The training- camp held from 1st- 6th February 2022 at Rajiv Gandhi Government Polytechnic, Itanagar. Camp Experience

The CATC 72 was a good experience for all the cadets. It was the first NCC camp for all the cadets except one and cadets all learned many new things in the camp. Cadets learned many basic things about drilling, weapons operations and parts, rifle firing etc. Also, they got to learn many things about NCC lifestyle which we can inculcate in our lives which encompasses discipline, team work, self-confidence, leadership quality, organize and flexible working and good management etc.

The camp was organised for 7 days schedule with lots of productive and engaging activities listed in it but due to uncertain weather conditions and shortage of efficient human resources, many important programme and activities like games and sports, P.T, classes by guest

lecturers, sufficient drill practices etc were excluded and many events couldn't be optimally conducted. But as a whole the camp was a great experience for us and we hope for more active participation in efficiently organised camp in future.
